## DAAD Language Certificate

Academic English Language Competency Test for Study Abroad

Are you a student at the University of Vechta and applying for a year of study abroad in an English-speaking country or to an English language graduate program?

Most such programs require certification of English-language proficiency. If you are not in the possession of a TOEFL or IELTS certificate, many programs will also accept a DAAD language certificate. The DAAD test measures your proficiency in three language competencies: reading, writing and oral interaction.

You can register to take the DAAD language proficiency test in the Language Centre. The test is free of charge.

Please contact the test administrator, PD Anne-Marie Scholz, Ph.D. at [anne-marie.scholz@uni-vechta.de](mailto:anne-marie.scholz@uni-vechta.de) to schedule an appointment.

For a detailed description of the test, please consult the Language Centre's website or follow the app code above.
